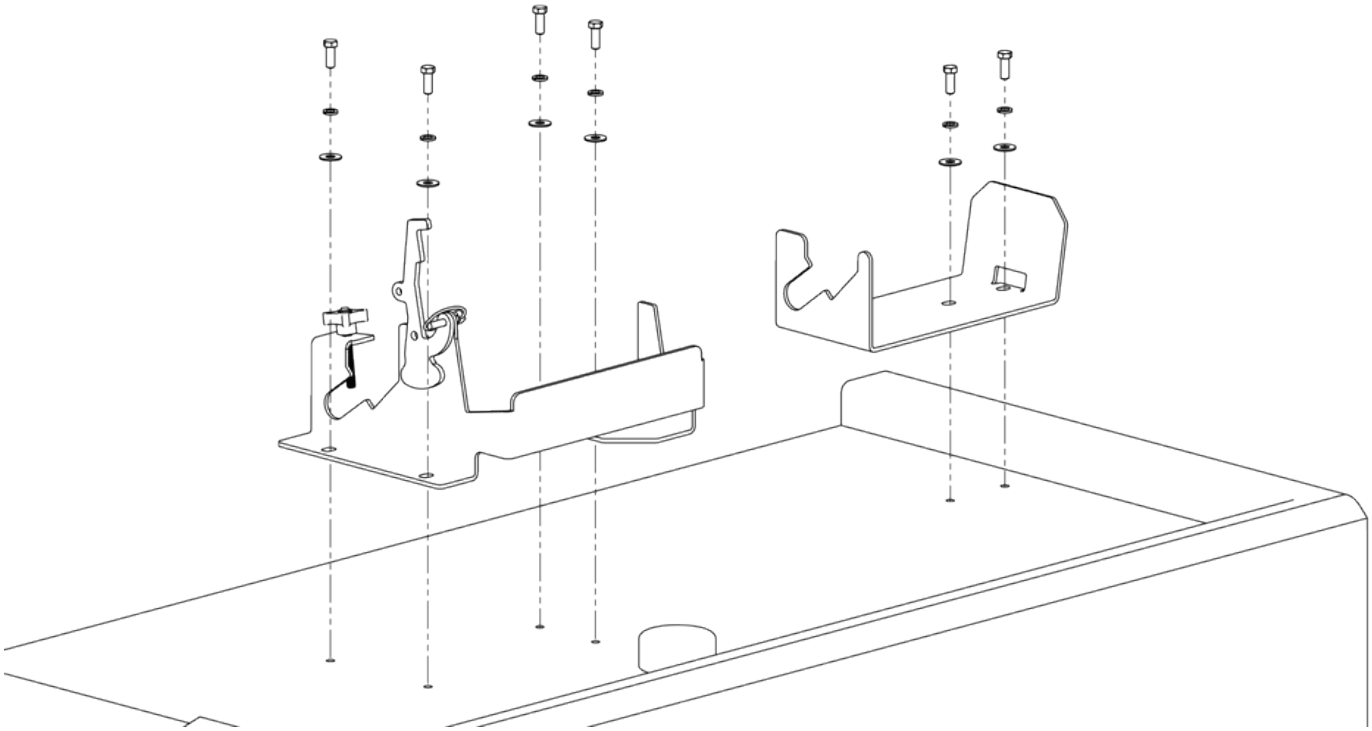
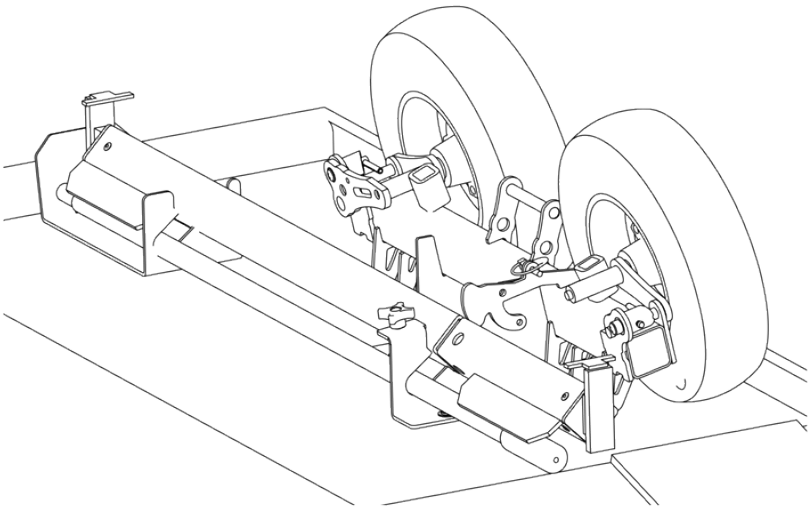
Caution

Due to variances in tool box designs, ITD cannot provide explicit mounting requirements for every box. These are only guidelines, final installation requirements are left to the discretion of the installer. ITD will NOT warrantee any damage to tool boxes resulting from inadequate mounting.



Jerr-Dan Mounting
(MPL, MPL40, Element)

Simply use 3/8” bolts, lock washers, and washers to attach to standard bolt hole pattern pre-drilled in body.



Universal Mounting

Place mount on deck with product installed. Use axle and break-over bar to align the Axle Support.

Mark and drill six (6) mounting holes per side. Use 3/8” bolts, washers, lock washer, and/or locking nut.

☐ **Before First Use Checklist:**
All nuts and bolts are tight

Warning

Inspect and retighten after first 10 uses
