

# THE INTEGRATED SPEED MOUNT™

For use with *The Speed Dolly™*  
Patent Pending

## Mounting:

1. Recommended Hardware (not included):
  - 4- 5/16" Grade 5 Bolts
  - 4- 5/16" Nuts
  - 8- 5/16" Washers
2. Mount Location:
  - Place Speed Mount parallel to bed rail, such that tire of Speed Dolly does not protrude outside of truck body.

## Usage:

3. Open Position:
  - Use this position for loading and unloading of Speed Dolly. (**DO NOT travel in "open" position**)
4. To Close:
  - Place latch door into closed position.
  - Rotate latch mechanism 180°, until positive stop has been reached. (**Latch has vise action mechanism, last 60° can be difficult to rotate**)
5. Closed Position:
